June 25-28

Set up camp: June 24
Clean up day: June 29

Camp Lowden BSA

4418 S. Scout Rd. Oregon, IL

**The intent of the Gathering
is to bring all tribes
to the Sacred Fire to consult.**

Through greater understanding,
we learn how to build
a better existence
and find new ways to
strengthen our communities.

**The founding Grandmothers
identified these seven prejudices
which will be explored
around the Sacred Fire:**

Age	Political Opinion
Economics	Race
Education	Religion
Gender	

NURTURING OUR POTENTIAL

***We are stewards of the Land
and the life upon it,
who humbly walk
with all beings,
for the good of all generations...***

FOR THOUSANDS OF YEARS...

Grandmothers and Grandfathers
around our planet have known that
someday all races would be reunited
and would bring healing to our
Mother Earth. Indigenous peoples who
retained a spiritual way of life could
teach their brothers and sisters across
the world how to renew these ways: to
live in humility, with respect for all, and
a sense of oneness with each other and
their Creator.

IN 1988, GRANDMOTHER IRONEAGLE SHARED A VISION OF UNITY AMONG ALL PEOPLE,

leading to the first Gathering in 1989. The initial Gathering was only of elders, but it quickly expanded to provide teachings and healing to Native youth. Over time, it evolved to encompass all tribes. In its current form,
we recognize that all humans share the heritage of having been part of some tribe at some point in time.

*Understanding brings
spiritual empowerment and the
ability to advocate on behalf of all
people for a better world.*
